EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jacqueline Hartt/Applicant's Attorney (Reg. 37,845) on 3-18-05.

The application has been amended as follows:

In claim 34, Line 1, change "Claim 33" to read --Claim 32--.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: claims 1-32 and 34-44 are allowed because, while the prior art of record specifically Corby et al. (US 5,805,289) substantially anticipates the claimed features and elements of claim 16 including *fixed* calibrated targets on an object which is detrimental to the invention, Corby does not teach *moving the calibrated target into a known geometric relationship* with a geometric feature *of an object* desired to be characterized combined with other features and elements of the claim, in addition While Heilburn et al. (US 5,603,318) teaches the limitations and elements of claim 30 including spatially characterizing a geometric feature of an object desired to be characterized using the calibrated target features Heilburn does not teach calculating relative positions of the calibrated target features and the desired geometric feature and for performing a geometric calculation

on the relative positions to determined spatial coordinates of the geometric elements of the claim combined with other features and elements of the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
